

To Whom it May Concern:

I am pleased to provide this reference letter for Stefan Joseph for his scholarship application. I have known Stefan since September 2022, when he enrolled in the AgENT Program at Lethbridge College. Throughout the academic year, Stefan has been a highly engaged participant in AgENT, which is an extracurricular program that focuses upon building foundational skills in innovation, creativity, and entrepreneurship.

Stefan has an incredible passion for idea generation and innovation in prototyping. In addition to being a keen student of the methods we teach, he has been an active promoter of the program, as well as an amazing team member when mentoring his peers. Our programming primarily teaches human-centred design and business model generation. I am pleased with Stefan's willingness to learn new skills and his ability to apply the techniques with enthusiasm and an open mind. Stefan's interpersonal communication skills are exceptional. In AgENT, we foster collaboration and interdisciplinary teamwork. I am impressed with his flexibility, adaptability, and leadership skills when working with peers. He presents his ideas well in front of an audience. The AgENT program also allows students to interact with industry professionals on a regular basis, asking for feedback on their project ideas. Stefan has demonstrated professionalism and assertiveness when interacting with our team of mentors. He articulates his ideas well and is keen to listen to and integrate feedback.

In addition to being an active member of the AgENT Program, Stefan is an active member of the Lethbridge College Student Association. He is always out in the Lethbridge College community making a positive impact on those around him. He has been such a pleasure to work with and I am continually impressed with Stefan's dedication, effectiveness, efficiency, and overall work ethic. These skills have allowed Stefan to succeed at whatever he puts his mind to.

I strongly recommend Stefan for the scholarship for which he is applying. If you have any questions, please feel free to contact me.

Sincerely,

Josh Leith
