Dear Employer,

I am pleased to write a letter of recommendation for Stefan Joseph. I first met Stefan in September at Lethbridge College New Student Orientation (NSO). Afterwards Stefan was successfully voted in as a student representative to the Lethbridge College Students' Association (LCSA). As a student representative, Stefan is responsible for representing the students of the Lethbridge College. In my capacity as Events and Communications Manager of the LCSA, I have the opportunity to work with Stefan on a regular basis at social events including Dungeons and Dragons, Black History Month, Student Leadership Appreciation Night and much more. Stefan regularly takes a leadership role at each event and initiative because of his willingness to learn and interact with student peers and current LCSA members.

Stefan is an outstanding asset to our LCSA in all respects. He is a skilled communicator who is always eager to engage with the students he is representing. I am always impressed with how supportive Stefan is of his fellow coworkers, always encouraging and offering helpful advice. Due to Stefan's commitment to connecting with the student community and effectiveness at student events, I believe he is a strong leader, and I strongly recommend Stefan for the Summer Desktop Technician.

Sincerely,

Tanner Marcer
Events and Communication Coordinator
Lethbridge College Students' Association
